Commercial Fall Bred Heifer Supplement Sheet (updated 3.20.26)

Selling order:

We will open bidding on Lots 201-269 first. The opening winning bidder has choice of Lot tag color group(s) or gate cut option as listed below, up to as many Lot groups as you want. Winner can take all. Bidding will reopen and continue in this fashion until all groups in Lots 201-269 are sold. After that, we will open bidding on Lots 270-322 and the same winning bidder instructions apply to these lots. Please look over the selling type options for each lot carefully. We are only allowing gate cuts on Lots 201-241 blue tags, 244-259 yellow tags, and 270-295 red tags. All other lot groups will be sold as an entire group.

DV Auction bidders: If you are a winning bidder, we will need to know which tag color groups you want at that time. You will be able to respond on your screen.

**All bred heifers have been pregnancy checked by a licensed veterinarian and received ViraShield 6 VL5/HB and Cydectin injectable at preg check. They are guaranteed pregnant on the day of delivery. The purchaser may select to have any heifer rechecked at their cost within 14 days of delivery by a licensed veterinarian of their choice. Any such heifer determined to be open by this recheck will be subject to a price adjustment or may be returned to the seller for a full refund. Due to conditions out of the seller's control, once a heifer leaves the seller's possession this is the only guarantee offered. All claims as to estimated calving date are based on an ultrasound pregnancy test to the best of our ability. We believe this assessment is correct but cannot guarantee it.
